NGWA MISSION

... is to provide professional and technical leadership in the advancement of the ground water industry and in the protection, promotion, and responsible development and use of ground water resources.

March 30, 1998

Mr. Kevin Mayer
USEPA Region IX SFD 7
75 Hawthorne Street
San Francisco, CA 94105

Subject: Southwestern Regional Conference

Dear Mr. Mayer:

I would like to thank you for the timely response in providing the NGWA with your presentation titles and bio-abstracts. I have used this information to develop the agenda for the Southwest focused conference, which I **have enclosed**. This information is being mailed out to NGWA and all co-sponsor members. In **addition**, the information **has** been on the NGWA web site for the past 3-4 weeks. I anticipate an excellent turn out for the conference.

Presentations are preferred in Power Point format. A computer with Power Point software and all visual interfaces will be supplied.

Please register for the conference (**speaker and moderator fees are waived**) and arrange for lodging in a timely manner. At the conference, plan on meeting with your moderator at least 1 hour prior to the morning or afternoon session that you are giving your paper. There will be a speakers room provided for this purpose. If you have any questions please call or e-mail.

Thank you for your time and effort. Look forward to meeting with each one of you.

Sincerely,

Dennis Goldman, Ph.D
Science & Education Counsel
